

# 2008 Marine Corps Gazette Index

In this issue, as in every December issue for the past 29 years, we are publishing our annual index—a listing by subject and author of the articles, and by book author of the reviews, published over the past year. Similar indexes were published in 1966–79 but occasionally appeared in the January rather than December issues. Articles on the web are indexed as well. Our website, [www.mca-marines.org/gazette](http://www.mca-marines.org/gazette), contains links to archived articles back to 1916, as well as annual indexes from recent years. We commend these indexes to your attention as they are a guide to the many articles of lasting value that have been published in the *Gazette*.

Most letters are not indexed. We also continue to index selected news items in an attempt to provide you with more opportunities to review *Gazette* information.

## MajGen Harold W. Chase Prize Essay Contest

### Boldness earns rewards...

The annual Chase Prize Essay Contest invites articles that challenge conventional wisdom by proposing change to a current Marine Corps directive, policy, custom, or practice. To qualify, entries must propose and argue for a new and better way of "doing business" in the Marine Corps. Authors must have strength in their convictions and be prepared for criticism from those who would defend the status quo. That is why the prizes are called Boldness and Daring Awards.

Prizes include \$3,000 and an engraved plaque for first place, \$1,500 and an engraved plaque for second place, and \$500 for honorable mention. All entries are eligible for publication.

The contest is named for the late MajGen Harold W. Chase who believed that the Marine Corps' strength and its usefulness to the country stemmed in large measure from its intellectual openness and from its ability to accept change. The Chase Contest was established in keeping with this philosophy. The monetary prizes are funded by support from Battelle Corporation as well as continued support from the Chase family.

#### \* Instructions \*

The contest is open to all Marines on active duty and to members of the Selected Marine Corps Reserve. Manuscripts should be typewritten, double spaced, and range in length from 1,500–2,000 words. Please include a disk or CD in Microsoft Word format with the manuscript. Include a cover page with the title of the essay, author's name, and identification of the essay as a Chase Contest Entry. The author's name should not appear anywhere but on that cover page, but repeat the title on the first page of the essay. The *Gazette* editorial board will judge the contest in February and notify all entrants as to the outcome shortly thereafter.

## Be bold and daring!
